"Educational needs to be managed in the atmosphere of utmost intellectual rigor, seriousness of Purpose and at the same time of freedom essential for innovation and creativity while far reaching changes will have to be incorporated in the quality and range of education, The Process of introducing discipline to the system will have to be started and now in what exists. The country has placed boundaries thus in the educational system. The people have a right to expect concrete results. The first task is to make it work. All teachers should teach and students study"

National Policy on education 1986/1992  
Part VII : "Making The system Work"
